

English

During our English lessons the children will be exploring a number of texts such as, 'Vlad and the Great Fire of London', 'Molly McDrew and the Great Fire of London' and a range of Poetry. They will become confident with the structure of a sentence and how to identify and use nouns and adjectives in their writing.

RE

The children will learn about the oarts of the Bible and use Psalms to share their thanks to God. We will look at Noah's Ark and how God still keeps his promise to us and discuss the sacrament of Baptism.

Art/DT

DT:

The children will be investigating wheels and axles and their function. They will use this learning to design a moving vehicle of their own for a member of their family.

Art:

The children will look at Expressive Paintings and colour mixing. The children will experiment with mark-making by using a variety of different tools.

Maths

Year 2 will be consolidating their skills of facts associated with place value. The children will be revising their counting of objects to 100, including reading and writing the numbers. Addition and subtraction skills will be learnt as children build upon their existing skills.

PSHE

We will be learning that we are all God's children and each of us is unique and individual, with different gifts and talents. Zones of regulation will be used within the classroom, in order for the children to recognise how they are feeling.

CC

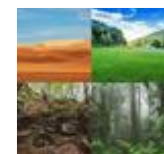

The children will be learning about life in 17th Century London, in particular focusing on the Great Fire of London. They will learn about the impact of the fire on London, the ways the fire was stopped and how London was rebuilt. The children will also learn about key figures such as Samuel Pepys and his diary.

YEAR 2 AUTUMN

Outdoor learning

The children will be learning team skills through games as well as discussing safe and unsafe people and situations. Ending with fire safety around the fire pit.

Science

We will be learning about everyday materials and their uses. They will then learn about living things and their habitats and micro-habitats, including food chains and the sources of food for different animals.

Computing

We will continue learn about the importance of staying safe online.

The children will be become confident using the Purple Mash app on the iPads and undertaking the topics of 'Making music', 'Effective searching' on the internet and 'Spreadsheets'.

PE

The children will learn the skills associated with football and how to control and pass the ball accurately. Also, infant agility skills such as balancing, bowling and throwing.

Music

This term, we will be using our voices expressively and creatively by singing songs relating to nature and the animals in our world. We will learn some new songs for our Christmas Production coming up in December.
