

Geography

We are using maps and atlases to locate parts of the world. We will be investigating biomes, volcanoes and earthquakes.

History

We will be exploring the lives of the **Ancient Romans** and drawing comparisons between our lives and theirs.

Computing

We will be learning how to stay safe online using Concept Maps to present our ideas, and learning how we can communicate online safely. We will be exploring how to make moving images using the 2Animate programme.

Maths

We will be learning about:

Number

Addition & Subtraction

Multiplication & Division

Area

MFL

We will be developing our conversational skills around the weather and transport.

Music

This term, we will develop listening and appraising music. We will sing and perform in ensemble contexts, using our voices with increasing accuracy, fluency, control and expression. Our focus is 'I Wanna Sing Scat' and the hymn 'Make Me A Channel of Your Peace'.

RE

We will be learning about Creation and Covenants with a particular focus on Abraham's covenant with God.

We will explore how Abraham's faith, hope and love in God enabled him to place his trust and accept what was asked from him.

Year 4

PSHE

We are celebrating how special and unique each one of us is, and highlighting how we should be respectful.

We are learning to manage our friendships.

Science

We are investigating and identifying the functions of our ears in relation to sound.

We will be exploring and learning about electricity, especially

English

We will be exploring traditional tales, giving the children the opportunity to write their own versions, writing instructions, creating Autumn poetry and writing persuasive pieces to create adverts.

We will continue to develop our LOVE of reading using drama techniques and a wealth of books. Skills will include making connections between the texts and the children's experiences and their world knowledge.

Art/DT

DT – We will be planning, making and evaluating pencil cases using our learning around textiles.

Art – We will be investigating storytelling through drawing followed by exploring design, colour and tone through mosaics.

PE

We will be building our fitness and agility through regular circuits and learning the skills needed to play netball, gym and football and swimming.
