

Geography

Using the journey of the Titanic as a starting point the children will learn about the oceans and seas of the world. They will develop their understanding of how our oceans are changing due to climate change and plastic pollution.

MFL

The children will focus on speaking, learning how to talk about themselves, singing and playing games to consolidate their knowledge about numbers in French, and to learn some French grammar such as feminine and masculine words.

PSHE/RSE

In PSHE sessions, the children will learn to understand school rules about health and safety, basic emergency aid procedures and where to get help. In addition to this, using the ten:ten resource, the children will learn about emotional changes, and how to stay safe in the online world.

History

The children will learn about the Titanic tragedy. Using the Titanic as a reference point the children will learn about what life was like in the early 20th century, specifically looking at class structure and travel.

English

Linking to our theme of the Titanic we will be using the story of the Titanic as a stimulus for writing in various genres.

In term 2 we will be learning about the Suffragette movement and how this changed society. The children will use this as a stimulus for writing.

We will be sharing class books, starting with 'Kensuke's Kingdom' by Michael Morpurgo, and together developing a love for reading and the skills of: questioning, predicting, clarifying meaning and summarising.

Computing

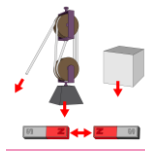

We will start our term learning about various aspects of online safety. The children will then develop their coding skills using PurpleMash 2 Code.

In term 2 they children will learn how to use spreadsheets.

Year 6 Titanic

Science

Our principal topic will be Forces. The children will be learning about the forces all around them, and conducting experiments to develop their skills and see forces in action.

RE

Year 6 will follow the 'Lighting the Path' scheme.

In term 1 we will learn about how the Bible has been interpreted and exploring stories in the book of Genesis and John's Gospel.

In term 2, we will learn about the key role of women in Scripture.

Art/DT

In art, the children will be learning about modern art movements in the 20th century focussing on a number of important artists. They will create their own pieces of art inspired by these styles.

In DT they will design and make a Christmas stocking for a younger child. The children will learn a variety of sewing skills, which they will incorporate in their design.

Music

In music, we will listen to, discuss and appraise music based on the theme of 'Space'. We will focus on vocabulary and its meaning such as 'dynamics', 'hook' and 'falsetto'.

PE

In PE the children will work with the class to learn the skills of basketball, tag rugby, netball and applying team tactics. In gymnastics, we will develop various gymnastics moves and making them into a routine.

We will be learning about:

Place Value
The four operations
Fractions

In all of these topics the children will be the given opportunity to use their knowledge to solve problems.

The children will learn and consolidate their recall of times tables and number facts to support their arithmetic.
